You want to be admitted to a programme of university study and want to validate your prior learning Prior Learning Assessment	You want to validate a college or university degree of previous studies; or credits earned in partial studies Degree Validation & Credits Transfer	You want to validate your professional qualifications and prior learning for the award of a degree Professional Certification & PLA
Application for Admission along with Assessment of Prior Learning APL	Application for Admission along with application for Degree Validation & Credits Transfer Recognition.	Application for Assessment of Prior Learning and Professional Certification
Case 1: The admission commission accepts the application and admits the applicant. Case 2: The admission commission refuses the application and rejects the applicants admission.	Case 1: The academic jury validates the demanded degree and rules on the award of the university degree. Case 2: The academic jury does not validate the demanded degree and refers the application to the admission commission for admission to a programme of study. (case 1 in the left box)	Stage 1: The academic commission rules to admit you or not admit you to a demanded degree programme. Stage 2: In case of positive ruling and if you accept the degree offered by the academic jury, you can enrol in the programme. The validation jury evaluates your portfolio and validates your degree eligibility either in full or requiring additional competency tests or examinations.
